**Summit Sponsorship**

Dear Technophile,

**It is 2014, in a warehouse belonging to a technical college somewhere in Paris.** It is a little cold, a little dark, a little improvised, but we are here. A group of Haxe developers and professionals. Coming together for two days of presentations and talks. A community is coming together, making new connections. TiVo amazes us with their story of how they converted their AS3 codebase to Haxe. They went on to ship more than a million lines of Haxe code to more than a million devices. I still get the shivers when I think back to that moment.

Over the following years, the Haxe Summit has grown steadily and remains the community highlight each year. After having had five successful conferences in Europe (2013-2017), we are now bringing the event to the U.S.

**The US Haxe Summit 2018 in Seattle, will be the first major Haxe event for the US community, and we can't wait to meet them.**

Thank you so much for considering sponsoring our event and becoming a part of it all.

Located in the heart of downtown, the Hilton Seattle offers an ideal space to hold the US Haxe Summit. The large lecture hall and two breakout rooms afford generous space for sponsorship advertising including:

- Visual displays on stages and entrances
- Flyer placement at the check-in table
- Branded materials on all seating arrangements
- Sole branding for sponsored lunches in the dining area

# We want to talk with you.

The US Haxe Summit brings together a diverse group of talented developers from different industries. Being a sponsor will get your brand in front of our audience and provides you with the unique opportunity of meeting the community.

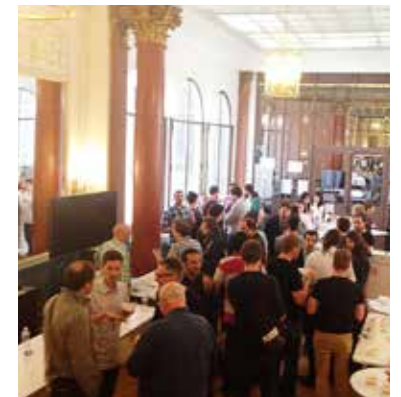

There will be ample time to scout new talent, get to know each other and make beneficial connections.

We're excited to learn more about you and your company. Let's discuss how we can work together to have a great HAXE US Summit.
